---

Pink are happy for you to provide your own cake. We can supply paper plates and disposable cutlery for a small cost.

---

## About our food

All our meat is from Pipers Farm [www.pipersfarm.com](http://www.pipersfarm.com) whose philosophy is to grow healthy animals with a strong natural immunity. They grow contented animals slowly, in small groups, with minimum stress using medication when it is absolutely necessary. The end result is meat of the highest quality. All our milk is organic and all our eggs are British free range. Our bread comes in daily from The Bread Factory. "Yes Chef" supply us with fresh fruit and vegetables and we champion British produce where possible.

## Terms & conditions

The quoted invoice price shall be payable no later than 7 days prior to the event. Pink Food Ltd will take this payment as the official agreement between Pink Food Ltd and the client. Final numbers of guests must be confirmed no less than ten days before the event and cannot be reduced within seven days of the event. Any extras consumed at the event need to be settled on the day by debit or credit card. Due to the logistics of the building being open seven days a week and having to operate a busy cafe alongside all events, food for children's parties is specific in offering (written to what works within the limitations of the business) and therefore, we are unfortunately unable to offer bespoke menu's. Please ensure you have studied/seen the menu (copy of which can be requested from [kay@pinkfood.co.uk](mailto:kay@pinkfood.co.uk)) before committing to any booking.
