## About our food

---

All our meat is from Pipers Farm [www.pipersfarm.com](http://www.pipersfarm.com) whose philosophy is to grow healthy animals with a strong natural immunity. They grow contented animals slowly, in small groups, with minimum stress using medication when it is absolutely necessary. The end result is meat of the highest quality. All our milk is Organic and all our eggs are British free range. Our bread comes in daily from The Bread Factory. "Yes Chef" supply us with fresh fruit and vegetables and we champion British produce where possible.
